About **LOGISTICA**

LOGISTICA is Riyadh based potential logistics solution provider. We evolved into a complete Freight Management Company professionally managed by a team of experts having in-depth knowledge in all aspects of Global Freight Management.

We are aiming at becoming one of the leading and admired solution providers for freight and logistics needs of the KSA market, which we will achieve by going beyond, the expected and experienced.

“ Any where,
Short Time

Vision

To establish **LOGISTICA** as the most grounded world-wide logistics & supply chain company as a trusted partner to all our clients

Mission

Manage and coordinate the flow of the products from the supplier point to the consumer's hand. Taking into consideration delivering service and quality at the desired level with competitive rates

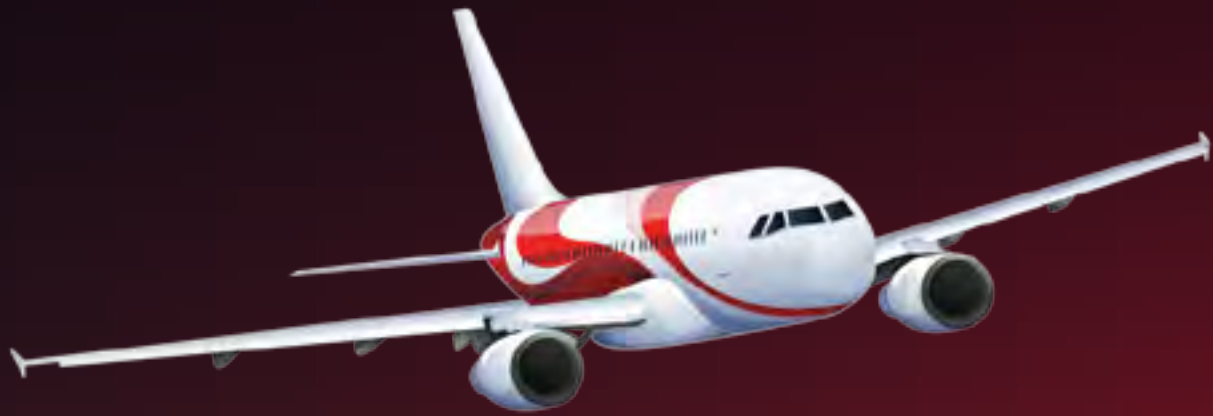

Sea Freight

Sea Freight is the ultimate choice for large or heavy and bulky international shipments, such as furniture, food stuff, earth mineral, petroleum merchandise, automotive products, garments, industrial structures and electronic goods. Because of its low cost, more and more customers are optioning Sea Freight shipments for their logistical needs.

LOGISTICA recognizes this trend and offers a full range of ocean freight services under one roof. Our strong business relationships with all the major shipping lines of the world enables us to provide our customers, priority access to space without paying premium rates. **LOGISTICA** Customers will also benefit from flexible service at short notice, competitive pricing and punctual delivery.

Air Freight

Urgent and time-sensitive shipments need Airfreight services. Providing customers with firm space allocation on scheduled carriers has always been one of our greatest strengths. Over the years we have developed strong loyalty with all the major carriers operating from the Middle East region. Our conscious and deliberate business strategy has been to influence our buying price and service with these airlines. So regarding airfreight rates and space commitment, **LOGISTICA** customers can enjoy reliable service at the most competitive rates per industry standards.

Land Freight

LOGISTICA Land Freight department is responsible to provide safe, efficient, customer-specific, economical, sustainable, and environmentally friendly land transport options for its customers.

Our experience and resources in land freight management make us the company you can rely on for all your trucking needs. We are able to tailor our land services, specific to our customer's transport needs, and offer practical solutions which reduce costs and increase efficiency.

Our Land transport service includes dedicated carriage, full OTR service, dimensional traffic service, industry-specific and specialist transport for the movement of chilled and frozen goods, hazardous chemicals, and temperature-sensitive pharmaceutical products.

Wherever you are, **LOGISTICA** has the capacity to arrange and manage the movement of your cargo quickly. We are able to provide a multitude of options to transport your goods over land. Capacity is secured at short notice through a range of dependable suppliers, all of whom meet stringent assessment criteria.

Customs Clearance

We are providing very comprehensive customs clearance services to our customers. We are dealing with many leading and biggest customs clearance companies operating in this field.

Warehousing

LOGISTICA brings a wealth of knowledge and experience in its warehousing solutions. We can deconsolidate or segregate your merchandise in a quick and effective manner without any unnecessary delays. These storage services are characterized by reasonable pricing for both short-term and long-term periods

Saber

LOGISTICA has an experienced team to arrange SCOC, PCOC, Saber exemption, IECEE, and other required documents by Fazah portal under KSA norms
